Nat. Sciences Dept. City Museum, Sheffield

Species Recording Cards, Sheets, Forms etc.

A big 'thank-you' to the folks from Tyne & Wear, Merseyside  
(Botany and Vertebrate Zoology), Stoke, and Sheffield for  
examples of various recording formats used to record  
observations of species. Now! if I could receive a few more  
from other local B.R.C.'s I shall attempt to collate some sort  
of review article for the next B.C.G. Newsletter. If possible  
cards, maps etc. should be filled in or COMPLETED please as  
examples of data input. A few of the above named have even  
provided short articles about their species recording  
activities - again these are warmly welcomed.
